

REMOTE EDUCATION SYSTEMS

This project will identify the ways that education systems can be redesigned to better suit the needs of parents, communities, businesses and other stakeholders in remote regions by examining demand (what students and the local economy need), supply (what systems should provide), policy issues and alternative delivery models.

THE COOPERATIVE RESEARCH CENTRE FOR REMOTE ECONOMIC PARTICIPATION IS A RESEARCH CENTRE DELIVERING SOLUTIONS TO ECONOMIC DISADVANTAGE IN REMOTE AUSTRALIA.

REMOTE EDUCATION SYSTEMS IS PART OF THE CRC-REP'S INVESTING IN PEOPLE PROGRAM.

PROJECT IMPACTS

- Higher retention rates of Aboriginal and Torres Strait Islander children to year 12.
- Higher quality teaching programs that recognise local needs and cultures.
- Increased retention rates of quality teachers and school principals who see a career in remote education.
